

I am urging the FCC to postpone to June 2, 2003 vote on the rules regarding media ownership. This issue affects the crucial role that the press plays in the United States of America. If the vote will not be postponed, I urge the commission to vote against more deregulation regarding the rules of media ownership. The public airways are owned by the people of this country and further concentration of media ownership will greatly weaken the role of the press that our country's founders thought was so very critical to an informed populace. Democracy as we know it is at stake. I want more public hearings and dicourse on this matter. Thank-you all for your hard work and please consider my comments.
